

## Manual Installation of Coolorus for CC2014 and above

1. Copy “com.moongorilla.coolorus” to the following directory

|          |   |
|----------|---|
| Windows: | <b>C:\Program Files (x86)\Common Files\Adobe\CEP\extensions</b> |
|----------|---|

|       |   |
|-------|---|
| OS X: | <b>/Library/Application Support/Adobe/CEP/extensions/</b> |
|-------|---|

2. Restart Photoshop. Coolorus extension will be available at Window > Extension > Coolorus 2.5
